# Northern Inland Floodplains Conservation Tender

The Biodiversity Conservation Trust is inviting expressions of interest (EOIs) to participate in a conservation tender. This tender is targeting moderate to good condition native vegetation within eligible areas of the Brewarrina and Walgett (west of the Barwon River portion) local government areas. EOIs must be submitted by **midnight on Friday 18 September 2020** to be eligible for consideration.

## Important information for landholders

**Submitting an EOI is the first step to take if you are interested in participating in a BCT conservation tender.**

The BCT will undertake a desktop assessment to ensure that your site is located within the tender area and meets the minimum size requirements. EOIs may then be prioritised with the highest-ranking sites offered a site assessment. If your site is ineligible to participate in the tender, the BCT will contact you to discuss alternate options that you may wish to consider.

If you make an EOI over the phone, and you are eligible for a site assessment, a BCT field officer will bring a record of the EOI to the site visit and you will be asked to confirm the details.

Registration of an EOI does not mean that you are required to submit a bid, however, it ensures that your site will be assessed for eligibility.

The BCT reserves the right to extend the EOI period or close the EOI period early if a sufficient number of applications are received.

Please consult the *Northern Inland Floodplains Conservation Tender Landholder Guide* available on the [BCT website](#) for rules on eligible sites and eligible entities.

Please complete the information requested as accurately as possible, and contact the BCT if you require assistance filling out this form
