

Customer Service Charter

In this BCT customer service charter, we make a promise to our customers about how we will interact with them and what they can expect from us.

We will strive to keep this promise as demonstrated by our actions.

Our customers include NSW landholders that have entered or are considering entering a private land conservation agreement. Our customers also include developers wishing to make payments into the Biodiversity Conservation Fund, accredited ecological consultants, government agencies and others who participate in the Biodiversity Offset Scheme. Our customers also include those that have interests in what we do or who are impacted by our decisions.
